## EDUCATION

### G H Raisoni College Of Engineering

B.Tech in Artificial Intelligence

CGPA : 8.44 / 10.0

Nagpur , Maharashtra

Jul 2020 – Jun 2024

## EXPERIENCE (INTERNSHIP)

### AI Engineer

Vyza Solutions

Dec 2023 – Jun 2024

Hyderabad

- I developed AI-driven automation solutions, including **data preprocessing and cleaning**, to optimize operational efficiency.
- Managed teams to successfully deliver **software projects**, integrating various technologies to meet deadlines and exceed client expectations.
- Implemented new technologies to enhance project efficiency while staying informed about industry trends.

## PROJECTS

### Modern Brainwave | *Reactjs , tailwindcss , Javascript*

May 2024

- Developed a personal project focusing on **Modern UI/UX** design, emphasizing sleek aesthetics and user-friendly interfaces.
- Implemented smooth transitions and advanced visual elements to enhance user experience and engagement.

### Admin Dashboard | *Reactjs , Syncfusion*

Apr 2024

- Built a feature-rich admin dashboard using **Reactjs** and **SyncFusion** ensuring exceptional user interactivity and responsiveness.
- Designed and implemented a range of interactive components, including a dynamic Kanban board, intuitive Color Picker, user-friendly Calendar, and seven visually appealing charts.

### AI Text Summarizer | *ReactJs , Tailwindcss , RapidApi , Redux*

Feb 2024

- Successfully Developed AI text summarization tool with **React.js**, **TailwindCss**, and **Redux Toolkit**.
- Integrated **Rapid Api** for accurate content summarization
- Improved user experience with real-time updates, streamlining information extraction from Web Links.

## TECHNICAL SKILLS
